Dear Susan,

The Huron County Airport Authority wishes to express our deep gratitude for your generosity. The new sign is a much needed improvement, a wonderful welcome piece to the airport and a great reminder of the service Carl so freely gave to the airport. In the spring, the wood frame will be painted and we will be researching lighting options and landscaping ideas. If you would like to have input, offer direction, etc., on either of these facets please feel free to contact us.

Again, your generosity is greatly appreciated for this outstanding addition to the airport.

Sincerely,

Harry Brady  
President  
Huron County Airport Authority
